Idaho International Dance Music Festival.

Welcome to a
grand
festival of
dance, music, and culture!

The 2011 Idaho International Dance and Music Festival®

Whether you have experienced the thrill of an international dance and music festival or not, this is the year to mark your calendar and head to one of our scenic Idaho locations - Rexburg or Burley. Over 300 dancers and musicians come to us from around the globe every year for this gala event to share the excitement of their native dances and music. These performances are alive with colorful costuming, exotic instruments and stirring rhythms. Coming from the four corners of the earth, many of these exuberant performers have never visited America. They eagerly absorb our culture while staying with gracious host families. You will be sure to find their enthusiasm on stage as contagious as the lasting impressions of friendship that you'll find with them off stage. Come join us for all the fun!

Anniversary

The Idaho International Dance and Music Festival is one of only four held annually in the United States, and is sanctioned by two of the largest folk arts organizations in the world; the CIOFF, which is headquartered in Confolons, France, and the IOV. For over 20 years, international participants have recognized this Idaho festival as one of the best organized and most exciting in their experiences.

Whether in Burley or Rexburg, you will experience a lively street festival or colorful parade with music, dancing and laughter that fills the air. You can participate in cultural classes where you personally interact with the performers as they teach their native songs and dances. This fantastic experience continues as you attend the gala performances where these performers fill the stage with their stirring music and enthusiastic dance, which is complimented by state-of-the-art lighting and sound.

Your experience will be punctuated with a swell of emotion as you observe the colorful flags and stirring anthems of visiting countries and realize that you are participating in a rare intercultural exchange. Each interaction with a visiting artist contributes, in a meaningful way, to world harmony and brotherhood. It all happens right here in Idaho, and you won't want to miss it!

**Come and enjoy this award-winning spectacle,
the crowning event to a great Idaho summer!**
